Why Asia?

The Asia-Pacific market continues to be one of the most exciting territories in the world for the movie exhibition business, both for its astonishingly rapid growth and for the high presentation standards of its cinemas. Four of the top ten international box office markets are in Asia - China, Japan, India, and South Korea.

CineAsia is excited to return to Bangkok, Thailand in 2023 and we continue to look forward and celebrate the future of our industry.

The 28th Edition of CineAsia promises to bring you more of the very best in exclusive studio screenings and product presentations from Hollywood and Asia-Pacific studios, cinematic technologies & innovations on the Trade Show floor and educational seminars to keep your business on top of industry trends.

CineAsia provides the perfect opportunity for social interaction with current and new clients to make connections and build sustainable relationships.

“CineAsia has always been an effective platform for IMAX to network with our clients and partners in the Asia-Pacific region. We are pleased to utilize the event as a great opportunity to sustain and enhance business relations with our valued partners.”
