

We at CineEurope are working hard to make sure the 2026 edition is more exciting than ever! We hope to treat all of our delegates to another unforgettable show!

CineEurope registrants look forward to taking a part of the convention home by receiving a Goody Bag full of assorted items. It is our intent to give our guests a bag filled with fun and useful promotional items such as t-shirts, umbrellas, electronics accessories, candy, etc. that will keep the CineEurope participating companies' names in their minds.

Inserting an item in the CineEurope goody bag is one of the most effective promotional strategies and there is **no fee** involved to participate. Every registered delegate of the convention receives a bag, making it a great way to put your company's name in the forefront. For further promotion, we will acknowledge your company in the CineEurope Digital Program Journal as a contributor.

Companies participating in CineEurope can take advantage of this opportunity by providing us with an item or two for inclusion in the 2026 Goody Bag. We are anticipating approximately 1,750 registrants and your support is greatly appreciated. Please note that as CineEurope has an official Lanyard Sponsor, we kindly ask that these not be provided as a goody bag item. We also will not accept loose paper items as they are easily damaged during goody bag preparation and distribution.

Kindly email this form to let us know if we can count on you for a goody bag item this year. Once confirmed, we will apprise you of the pertinent shipping details.

Best regards,

A handwritten signature in black ink, appearing to read "J. Scherzer".
