In accordance with safety regulations established by the City of Barcelona and enforced by the CCIB, **steel-toed shoes are mandatory** during move-in and move-out. Depending on your booth build, helmets and/or reflective vests may also be required.

Access to the Trade Fair floor during installation and dismantling will be strictly limited to individuals complying with these regulations. No exceptions will be made. Security will monitor compliance throughout all move-in and move-out periods.

Important: Do not ship your safety footwear with your booth materials, as you will not be permitted access to retrieve them without proper gear.

During move-in, entry to the Trade Fair floor must be through the Leonardo da Vinci Square entrance. Security wristbands will be issued to exhibitor staff and contractors who have submitted their details in advance. Please complete the attached Booth Contractor Information form and submit it to stands@ccib.es to avoid arrival delays.

Beginning at 12:30 on Thursday, 25 June, the exhibition area will transition into a construction zone. Anyone without steel-toed footwear will be required to exit.
